## SPLASH PARTY NEXT WEEK!

Every decision should be this hard to make. You walk out over the dark green water, the heavy wooden planks have a sturdy feel under your bare feet. All around you is the sound of swift water boiling over waterfalls and deep rapids, and children screaming with excitement and delight. At the end of the bridge you begin your ascent, the steps carved out of a rocky mountainside take you steeply upward. At the top you pause a moment to look around, a good vantage point towering more than two stories above the swirling water and splashing people below.

In front of you, a young man . . . encouraged by slaps on the back from friends . . . climbs into the launching pool of a giant trough-shaped slide, somewhat reminiscent of an 1800's log flume. With a war whoop, he's off . . . roaring downward like an Olympic bobsled, arms out thrust for balance in the banked curves, legs locked together. With a whoosh, he's shot from the bottom of the flume out into the lake below, immediately surfacing with a giant shout for joy.

And behind you, a little girl carefully lays her rubber raft on a swirling pool of water. She climbs aboard and is caught in a twisting whirlpool. On three sides are sheer rock walls, the fourth is curtailed in a waterfall. She begins turning in the pool's center until the current takes hold. And like a bobber being pulled from below by a fish, she moves toward the waterfall. In a flash, she disappears through its face. Gaining speed, she finds herself moving through a deep fissure in the mountain, moments later breaking back into sunlight on the other side of the rocky hill. The water is becoming

more violent, she tightens her grip on the raft. Everywhere are whirlpools now, her raft spins from pool to pool. The rushing water picks up speed, below it is turning into full-fledged white water rapids. And then she's in the middle, bouncing from one side of the river to the other. With one last roar, she is thrust out of the river's mouth onto the lagoon below.

Like we said . . . every decision should be this hard to make!

Our whole new world within a "World" has been billed as the "greatest water adventure" anywhere . . . and when you see it, we think you'll agree! In fact, your oppor-

tunity to not only see **River Country**, but experience it firsthand is only a week away! That's right, beginning next Saturday, **River Country** will be opened for cast members and their immediate families only, during a special six day period. Here are the days and session times:

**Saturday, May 29** - 10 am to 4 pm and 4 pm to 10 pm

**Sunday, May 30** - 10 am to 4 pm and 4 pm to 10 pm

**Monday, May 31** - 10 am to 4 pm and 4 pm to 10 pm

**Tuesday, June 1** - 4 pm to 10 pm

**Wednesday, June 2** - 4 pm to 10 pm

**Thursday, June 3** - 4 pm to 10 pm

"And my Timex watch never stopped ticking" . . . On a trial run down the Whoop-N'-Holler slide, **Dick Nunis** found the wild trough ride one of the most exhilarating of his life, as shown by the concentration on his face while holding his balance through a banked curve.

Due to last minute construction and landscaping of **River Country**, we are uncertain of the exact day and time that the special employee tickets will be available. However, early next week, we will publish a **FLASH 4500** to be posted on bulletin boards throughout our property . . . watch for it for final details on when you can pick up your tickets. So look at your schedule for next week, choose the day and session you and your family (or one guest if you are single) can attend, and watch the bulletin boards for ticket availability. The tickets will be distributed through your Divisional office.

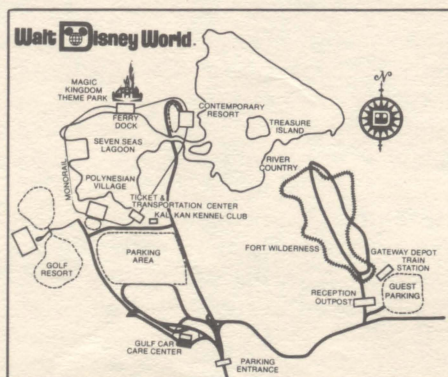

Due to the number of cast members and their families that will be attending each session, here is an important check list for you:

- You will need to bring both your ticket and **Disney ID** for admission.
- Please wear your swimming attire and bring beach towels with you.
- Please **do not** bring any canned or bottled beverages or private flotations with you.

At Pop's Place, adjacent to the lagoon, you can get the following items

at specially reduced employee prices during the party:

- **The Grub Steak** - For 50¢ you get a cheeseburger with strips of bacon, dressing, tomato, lettuce and pickle, french fries and cookies.
- **The Wrangler** - A 35¢ cheeseburger with dressing, tomato, lettuce and pickle.
- **The Prospector** - This 30¢ hamburger has all the trimmings.

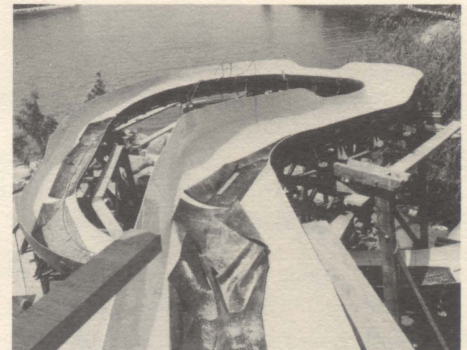

When you reach Fort Wilderness, please park in the "Day Guest Parking" area. Catch the steam train right there at the depot . . . it will let you off at River Country. Then you are set for the time of your life!

## TREASURE ISLAND VISIT

Transportation will be in operation each day until dusk to take everyone to view the brand new **Treasure Island**! There are new birds, a walk-through cage, refreshment area and much more. Try not to miss it!

- **The Lumberjack** - A quarter-pound hotdog for 45¢.
- **The Cow Poke** - 35¢ gets you a regular hotdog.

So pick your day, get out the ol' bathing suit, and we'll see you next week at **River Country** . . . "ya'll come, hear!"

## "WORLD'S BIGGEST PARTY" THIS WEEKEND

Just a reminder that this Saturday evening, May 22, is the night set aside for the **"World's Biggest Party"** . . . and what a party it will be! Here's the scoop:

- The party will begin at McCoy Air Force Base at 5 pm in a 100,000 square foot hanger. There's no charge and once inside you'll be treated to over 1,000 strolling musicians, many wandering acts, in fact, more will be there than you can imagine.

- At 8 pm the hanger party will close and everyone is invited to Lake Eola to continue the festivities. At the lake, you'll find many more entertainment groups, street dancing, the Cypress Gardens Water Ski Show in lake, and your chance to taste part of the world's largest meatball (250 pounds) and the world's largest gumdrop (50-60 pounds). At midnight comes the grand finale . . . a spectacular fireworks show!

It's all free and YOU and anyone you'd care to bring are invited. See you there!

## WHERE THE BLOOD BANK MOBILE TRAILER WILL BE NEXT WEEK

**Monday, May 24** - Ticket & Transportation Center (West Gate) - 10 am to 6:30 pm

*"What in the heck is that?" is a question Neel Tyree gets asked almost daily everywhere he goes. And like everyone else, EYES & EARS couldn't resist either. Neel, a member of the Dapper Dans, explained that it's a CitiCar . . . completely electrical . . . built here in Central Florida. "I guess it's the biggest toy I ever had," he related, "but soon I discovered how very practical it is." Neel has been driving the little wedge shaped two-seater for eight months now, and has found it a real money saver. "It operates for about \$6.50 a month, total. And I use it everywhere." Neel lives in Winter Garden and has found no problem in driving the 28 miles round-trip in the little car which moves along at 38 mph. And when he gets home at night? "Just plug her into any old wall socket, that's it."*

## AL MARTINO HEADLINES AT THE TOP

Balladeer **Al Martino** will headline the **Top of the World** for a two-week engagement here through May 31.

Having won a gold record for **"Spanish Eyes,"** he has had such hits as **"I Love You Because," "Painted Tainted Rose," "Living A Lie," "Mary In The Morning"** and **"Jean."**

He made his debut in movies with the Johnny Fontane role in **"The Godfather,"** one of the most successful films in Hollywood's history.

So great is his popularity in Europe that he was recently flown to Germany just to sing one song, **"Come Into My Life,"** at the German National Press Ball in Bonn.

During his two-week engagement at the Top, Al Martino will perform two shows nightly with dinner seatings at 6:30 and 9:45 p.m.

## SUMMER PREVIEW MEETINGS SET

All Disney cast members will soon be receiving an invitation to attend

one of our **Summer Update meetings**, scheduled for the Contemporary Resort, June 4 through 10. The hour-long meetings will focus on upcoming summer activities at Walt Disney World, as well as news on future projects. Each division is currently setting up attendance schedules. You will be notified as to which session you will attend.

Included in the sessions will be information on our Fourth of July activities, the College Workshop program, the new Mickey Mouse Club Character Parade, the Empress Lilly, Pioneer Town at Fort Wilderness, and many summer employee activities.

Seen here is Miss **Kim Hardesty**, a member of the 9th grade class at Meadowbrook Junior High School, spending her day with **Cherilyn Belt**, secretary to the Controller's Office in our Finance Division. Kim is one student among many who participated in a "shadows program," designed to let the students spend a working day with someone in a profession they are interested in. Several students visited various Walt Disney World departments this week as part of the program.

## ONSTAGE RECREATIONAL FACILITIES RESERVED FOR GUESTS

Each year, as we approach our summer season, we wish to remind all cast members that our onstage recreational facilities at our resort hotels and Fort Wilderness are for our guests' use. Employees are asked to refrain from using these facilities in order to provide our guests the maximum enjoyment, convenience and safety during our busiest season.

However, don't forget that **Little Lake Bryan**, our employee recreational area, is presently open every weekend and will be going to a seven-day-a-week operation (11 am to 7 pm) beginning Monday, June 7. The lake offers beach, swimming, fishing, sailing, and other activities.

## CREDIT UNION CHANGING HOURS FOR SUMMER

If you have any questions, please call the Credit Union at extension 5140. (The current operating hours will be in effect through May 31st).

### THE STUDIO SCENE

"The Wonderful World of Disney," network television's longest running prime-time series, will continue on NBC Television through the 1980-81 season, with NBC-TV presenting 20 Disney theatrical motion pictures during that period, under the terms of a new long-term contract announced this week. This new contract will commence with the 1976-77 television season, and will supersede the prior agreement, which would have run through the 1977-78 season.

Announcement of the major five-year agreement was made jointly by **Herbert Schlosser**, President of NBC-TV, and **Card Walker**.

In addition to "The Wonderful World of Disney" series, NBC-TV will also be showing such two-hour Disney movies as "Love Bug," "Shaggy Dog," "One of Our Dinosaurs is Missing," "The Apple Dumpling Gang" and "The Strongest Man in the World."

The above mentioned movies, set to be aired in the new agreement, have grossed more than \$160,000,000 in film rentals domestically.

In announcing the new contract for the Disney series, which has been on NBC-TV since 1961, Schlosser said, "We are delighted to continue our long association with the Disney organization, which enjoys an enduring worldwide reputation for excellence and good taste in family entertainment. For 15 years on NBC-TV, 'The Wonderful World of Disney's' dedica-

tion to quality programming has made it one of the most popular series in the history of television."

Card stated, "We are very pleased that 'The Wonderful World of Disney' will continue its unique relationship with NBC-TV. We look forward to the continued challenge of creating and producing fresh ideas and presenting a wide spectrum of family entertainment for our loyal Sunday evening audience."

Pictured here are Safety Department secretaries **Diane Porter** and **Teresa Carrico**, logging in one of more than 400 safety slogans in our "Professor Owl Says" contest. The winning entry will be announced this Monday, and **EYES & EARS** will carry full details next week.

The cast is ready to make some stars! So far, the director reports there has been great response to this year's show from all levels of employees within Walt Disney World.

Applications for auditions are in Cast Activities. Just fill one out and you will be contacted for an audition time.
